

Martell Elementary School

Our Mission...

Martell Elementary exists to maximize student learning through the development of the essential skills for success

Our Vision...

Martell Elementary will become an exemplary learning community that supports the unique needs of all learners through shared, clear expectations. Our school will be a place where collaboration and assessment effectively lead instruction.

Our Goals....

- . Personal Growth Goal: All Kdg. through 5th grade students will choose an academic goal from the first marking period report card and evaluate their progress toward this goal on each subsequent report card. Success will be shown when growth is noted on the goal at the time of the final card marking.
- . Reading Goal: First grade students who are below grade level on the 2010 spring Fountas and Pinnell assessment will show more than one year's growth on the 2011 spring Fountas and Pinnell assessment. These students will be at grade level, or beyond grade level, by the end of the third grade.
- . Writing Goal: All Kindergarten through fifth grade students who scored at a 1,2 or 3 on the ideas section of the district writing rubric from the 2010 spring writing sample will increase at least one level on the ideas section of the 2011 spring writing sample.
