

Smith Middle School

Our Mission...

The purpose of Smith Middle School is to ensure learning for all members of our school community.

Our Vision...

Smith Middle School will become a professional learning community that initiates innovation and is committed to continuous improvement focusing on educating the “whole child”. Smith will be a place where a collaborative community of teachers and administrators work to develop research-based curriculum, instructional strategies, and data-driven assessments to ensure all students learn.

Our Goals....

1. Give four common assessments, 1 per marking period, and use the data to develop and improve departmental SMART goals.
2. Increase understanding and implement Tier I strategies on the RtI pyramid.
3. Conduct an action research project to determine the best standardized grading system for our school
