FOR IMMEDIATE RELEASE

Oakland County Health Division Kicks Off 2009 H1N1 Flu Vaccine Clinics

Oakland County, MI, October 21, 2009 — Oakland County Health Division (OCHD) will begin its first 2009 H1N1 flu vaccine clinics on Saturday, October 24, 2009. With the cooperation of Oakland Community College and Clarkston School District, the Health Division will kick-off the distribution of 2009 H1N1 vaccine this Saturday at the following locations:

Kick-Off Event Clinics

Saturday, October 24, 2009, 9:00 am – 5:00 pm

Clarkston Junior High School, Gymnasium

6595 Waldon Road, Clarkston

Saturday, October 24, 2009, 9:00 am – 5:00 pm

Oakland Community College, Orchard Ridge Campus, Building H/Gymnasium

27055 Orchard Lake Road, Farmington Hills

The initial supply of H1N1 vaccine is limited. The Centers for Disease Control and Prevention (CDC) has identified a target population, those who are at greatest risk for severe disease, to be the first to receive this limited supply.

NORTH OAKLAND HEALTH CENTER
1200 NORTH TELEGRAPH ROAD
PONTIAC MICHIGAN 48341-0432
General Information 248-858-1280

SOUTH OAKLAND HEALTH CENTER
27725 GREENFIELD ROAD
SOUTHFIELD MICHIGAN 48076-3663
General Information 248-424-7000

WEST OAKLAND HEALTH CENTER
1010 E WEST MAPLE ROAD
WALLED LAKE MICHIGAN 48390-3571
General Information 248-926-3300

The target population includes:

- Pregnant women
- Children and young adults 6 months through 24 years of age
- Caregivers for children under 6 months of age
- Adults 25 through 64 years of age with underlying medical conditions
- Healthcare workers and Emergency Medical Services (EMS) service workers

“Because of the limited supply of vaccine, residents are asked to consider the target population criteria before they decide to receive a vaccine,” states Kathy Forzley, Manager/Health Officer, Oakland County Health Division. “Based on current data, the target groups are at greatest risk for severe disease.”

NOTE: Due to the limited amount of vaccine received from the CDC to date, the October 24th clinics are the only ones scheduled at this time. As vaccine becomes available, OCHD will continue with its comprehensive 2009 H1N1 Vaccine Distribution Plan at school-based clinics. In addition, many health care providers will begin receiving vaccine in the coming weeks. Please continue to check our website at www.oakgov.com/health or call the Health Division’s Flu Shot Hotline at **800-434-3358** for the most up-to-date information.
